User Guide

Group ID : 2021SI_REG_WD_28

B+

Dear Users,

First of all thank you for selecting our group to build your product. We hope that our product had met your all requirements regarding conference tool. To make it easy to use our product we offer this guide as secondary tool. I hope this will be great help to learn how to work with product and achieve your all requirements within small amount of time.

Attention:

All rights of document are belong to B Positive development group and SLIIT institute. This user guide is about a private web application which is only developed for SLIIT. All images and technical details are related to this application. So don't use Information mentioned here in commercial purposes.

Landing Page

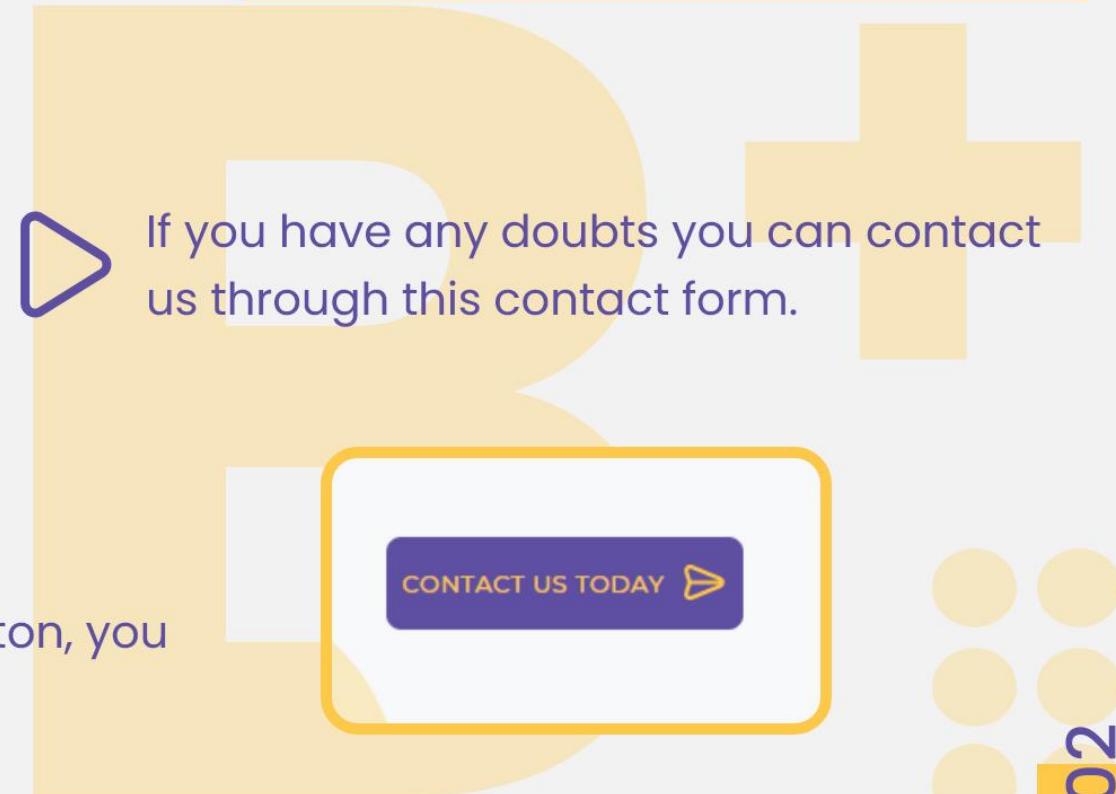

- ▶ ICAF landing page is the opening page of ICAF web application. You will able to see it once you direct to ICAF link as follows.
- ▶ There is a Appbar top of page. It changes according to logged user type.

► In this section you will able to find latest event dates and venues.

A yellow-bordered box containing a contact form. It has four input fields: "Name", "Email", "Subject", and "Message". Below the fields is a blue "CONTACT" button with a white envelope icon.

► By Pressing **Contact us Today** Button, you will able to find this form.

Registration & Login

1. Registration

The screenshot shows the registration page for the International Conference on Application Frameworks (ICAF). The page has a header with navigation links: Home, Keynotes, Workshops, Research Paper, Main Events, SIGN IN, and SIGN UP. The main content area features a welcome message and the conference title: "Welcome to International Conference on Application Frameworks". Below the title is an illustration of a person opening a lock with a key. To the right, there is a "Sign Up" section with fields for Name, Email, and Password, and a "User Type" dropdown with options: Researcher, Workshop Conductor, and Attendee. There is also a checkbox for agreeing to terms and conditions and a "SIGN IN" button.

SIGN IN

There are 4 types of users use this system.

Guest

Researchers

Workshop conductors

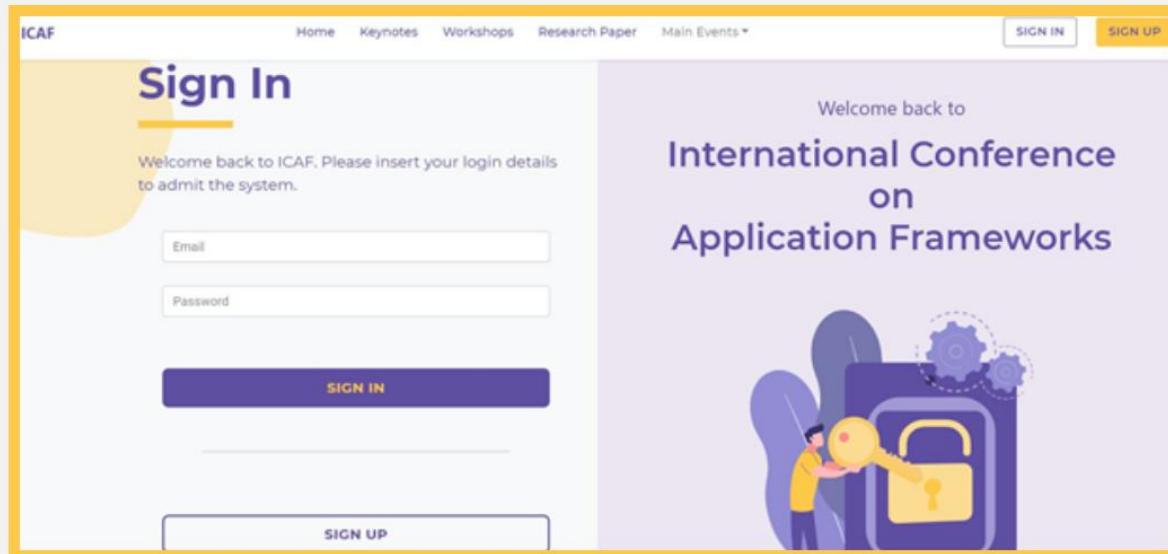

Attendee

Researcher, workshop conductors, participants can register to the system using register form

2. Login

Once you register to the system you can login to the system by using your email and password.

Depend on your user type navigation bar options will be change.

Admin, Editor and Reviewer already have their email and password. Normal users cannot register as Admin Editor or Reviewer

Researcher

1. First you need to login to the system as a researcher.
2. Then you need to click the Add Research Papers button in the navigation bar.

1. Add research paper

Add Your Research Paper Here

Enter Title

Enter Description

Drag and drop a file OR click here to select a file
file.name

UPLOAD

3. Then you have to fill the form and press the button. **UPLOAD**
4. After the process system will navigate to the My Research papers page and you can see the newly added paper in top of the list.

2. Update research paper

Update Your Research Paper Here

Enter Title
Cloud Security.

Enter Description
With cloud web security; traffic gets to the cloud instead of being routed to the servers directly. The cloud analyses the traffic and only allow the legitimate users to gain access. Any traffic that the cloud does not approve, it blocks it from getting to the server.

Drag and drop a file OR click here to select a file
file.name

UPLOAD

7. But If the reviewer accept the paper, you cannot update

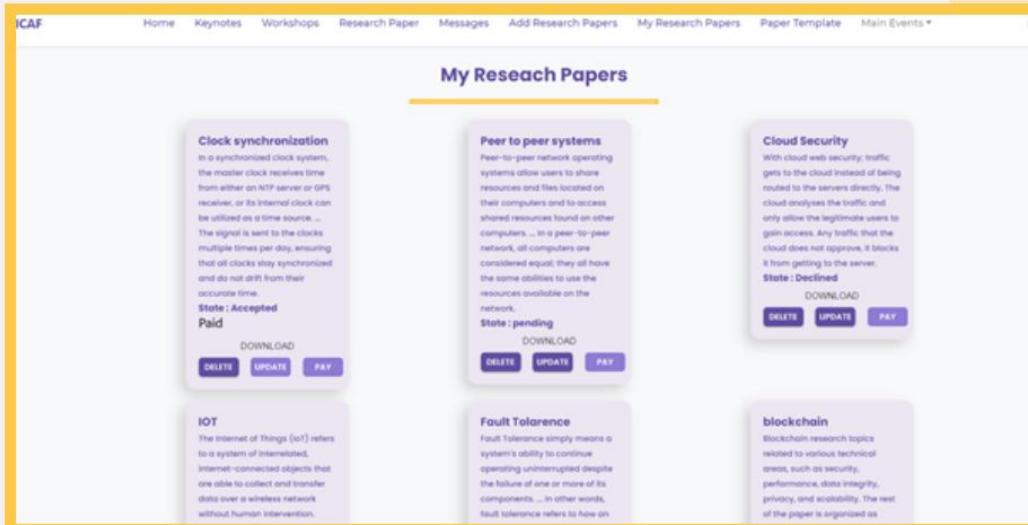

5. You can update any research paper by clicking the **UPDATE** button.

6. If the reviewer declined or the paper is in the pending state, you can update research paper.

3. Delete research paper

1. You can delete the research paper by clicking **DELETE** button on left bottom corner

4. My research papers

8. You can see newly added research paper is in the pending state and initially Pay button is disable. Pay button will enable, only the reviewer accepting the paper.

9. If the research paper is accepted **PAY** pay button will enable.

10. Then you can proceed to the payment.

5. Payment for research paper

11. You can see Paper amount is display in top of the page

12. In here you need to fill your credit card details correctly.

Select your Payment Method

Card Payment

Attendee

1. First you need to login to the system as a attendee.
2. Then you need to click the Buy Ticket button in the

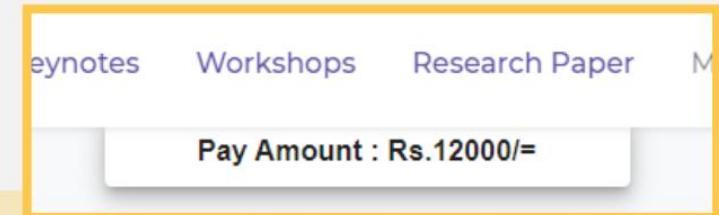

1. Buy ticket to the conference.

3. Then system will display the ticket price and your reference number.
4. If you want to buy a ticket you can continue by pressing the **BUY** button
5. Then system will navigate to the Payment gateway.

2. Payment for the Conference Ticket

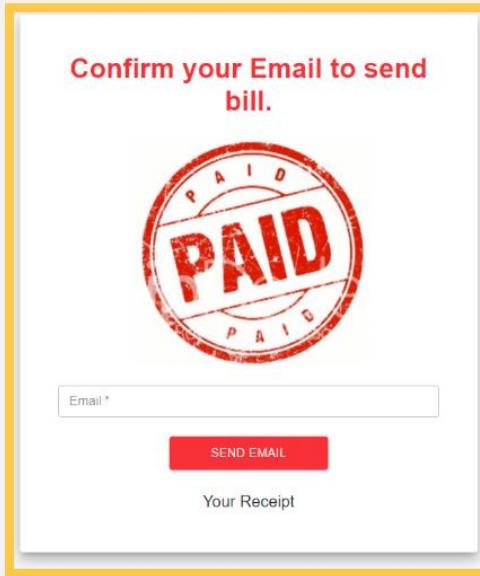

6. You can see ticket amount is display in top of the page

A screenshot of a payment method selection form. It starts with a heading 'Select your Payment Method' and a 'Card Payment' option. Below this, under 'Payment Details', there is a 'Card Type' section with radio buttons for 'VISA' (selected), 'Visa', 'Mastercard', and 'Master'. There are also fields for 'Card Number *', 'Year *', 'Month *', and 'CVV Number *'. At the bottom are 'PAY' and 'CANCEL' buttons. The entire form is enclosed in a yellow border.

7. In here you need to fill your credit card details correctly.

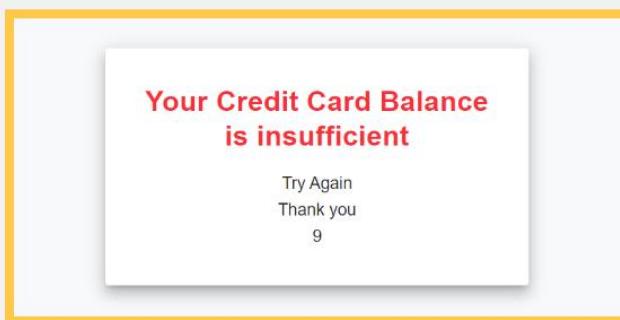

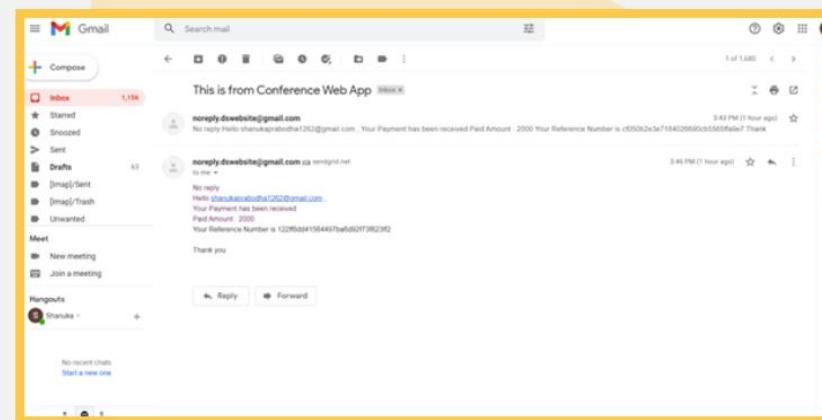

8. After validating the data if correct payment has received.

3. Send Email to the Ticket Payment

9. Then you need to provide your email.

10. Then you will get an email mentioning the approved state

4. Approved Research Papers.

1. You can see the approved research papers any login.

The screenshot shows a web interface for the International Conference on Advances in Future Internet (ICAF). The top navigation bar includes links for Home, Keynotes, Workshops, iResearch Paper, Messages, Add Research Papers, My Research Papers, Paper Template, and Main Events. A user profile icon with the letter 'R' is visible in the top right corner. The main content area is titled "Research Papers". Two research papers are listed in a grid:

- Clock synchronization**: This card includes a small icon of a document with a lock symbol. The description states: "In a synchronized clock system, the master clock receives time from either an NTP server or GPS receiver; or its internal clock can be utilized as a time source. ... The signal is sent to other clocks multiple times per day, ensuring that all clocks stay synchronized and do not drift from their absolute time."
- blockchain**: This card includes a small icon of a document with a plus sign symbol. The description states: "Blockchain research topics related to various technical areas, such as security, performance, data integrity, privacy, and scalability. The rest of the paper is organized as follows: Section 2 introduces the background of Block-chain and Bitcoin."

1. User main events check.

1. All Users can view main events approved by admin.
2. To that there is a dropdown navigation in navigation bar called “Main Events”.
3. There are two separate navigations for the research paper discussion main events and workshops main events.
4. By clicking those navigations, a user can view main events in separate pages according to the category.
5. The link is like below.

International Conference on Application Frameworks

International Conference on Application Frameworks (ICAF) is the first international conference organized by the Faculty of computing, SLUIT. ICAF solicits research papers describing significant and innovative research contributions in all disciplines of computer science.

By Clicking **PowerPoint Template** download button, you can download workshop presentation.

POWERPOINT
TEMPLATE

Reviewer

- When you login as a Reviewer you can review Workshops and Research papers
- To access those two pages, two links have been added to the navigation bar.
Ex: if you want to review Research papers you have to click "Research paper Revive" button
- When you go to Research paper page you can see all the Research papers added to the system by Researchers. You can see their status whether they have been already accepted or not.
- Reviewer can individually view each Research papers and Workshops.
- When you view Research paper or Workshop paper. There you have options to accept or decline the paper. If you click accept, the relevant paper status will be updated as Accepted. If you click decline, there you will have to provide a valid reason for rejecting it.

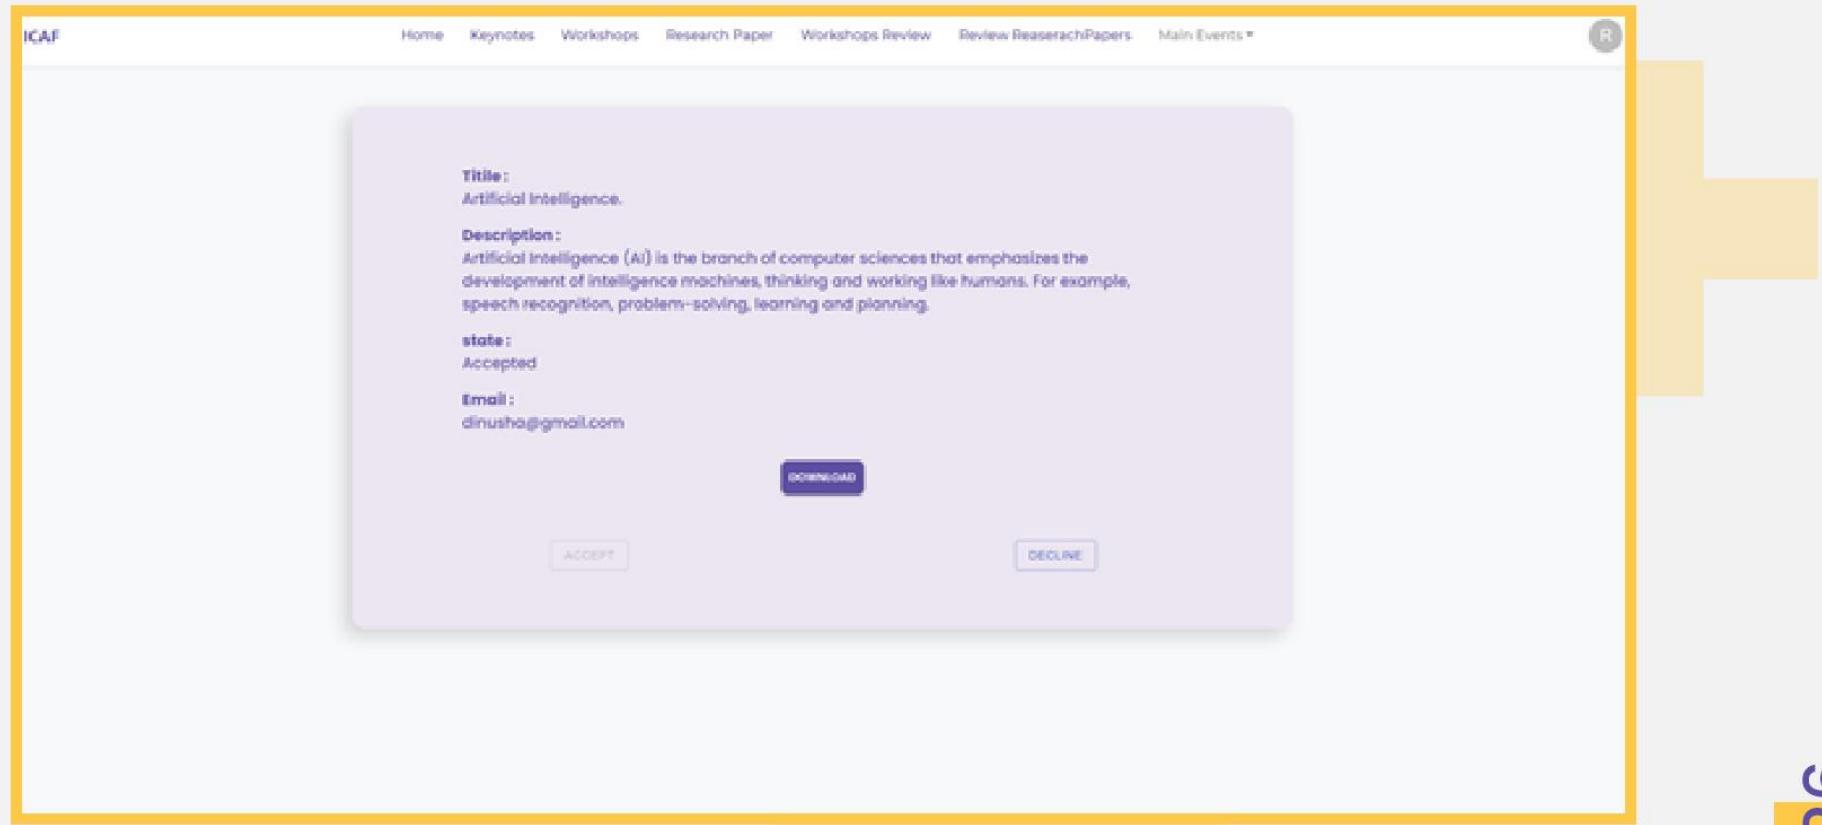

Once you decline any workshop or research paper the relevant user will get a message. Then the user can delete or update and repost the research paper or workshop.

1. Review research paper

The screenshot shows a web interface for reviewing research papers. At the top, there is a navigation bar with links for Home, Keynotes, Workshops, Research Paper, Workshops Review, Review ResearchPapers, and Main Events. A user profile icon with the letter 'R' is also visible. Below the navigation bar, the title 'Research Papers Review' is displayed. The main content area contains a grid of six research paper entries, each represented by a purple rounded rectangle with white text and a small book icon:

Title	Reviewed
Artificial Intelligence	Accepted
Clock synchronization	Accepted
Peer-to-peer systems	Accepted
Cloud Security	Declined
IOT	Pending
Blockchain	Accepted
Fault Tolerance	Pending

1. When you click view Button you will navigate to that specific page to view that pdf where you can download it, And accept or reject the paper

2. Review workshop

When you click view Button you will navigate to that specific page to view that pdf where you can download it. And accept or reject the paper

The screenshot shows a list of four research papers under the 'Workshop Review' section:

Date: 2021-07-08

Two buttons are visible: 'ACCEPT' and 'DECLINE'.

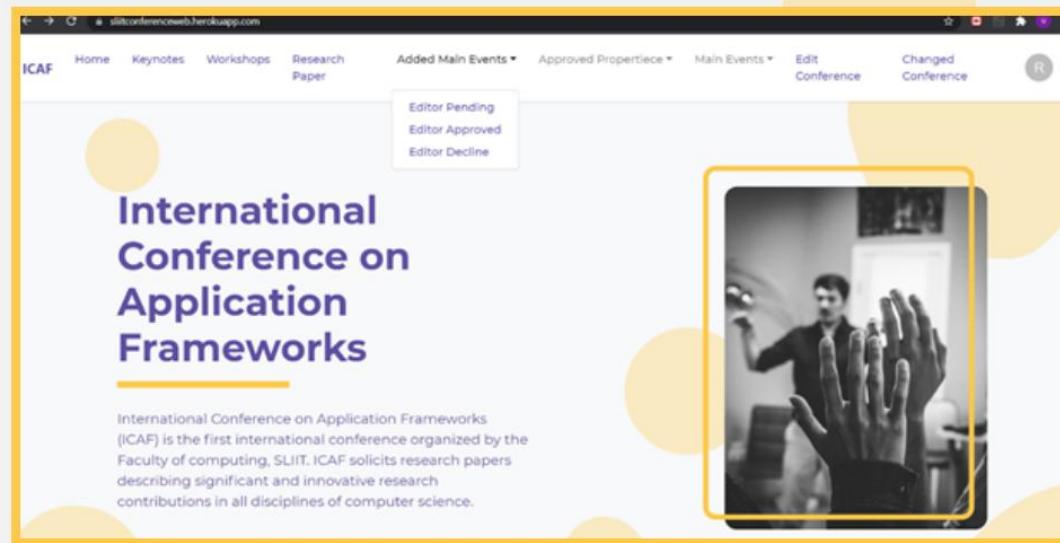

Editor

1. Editor main events add and manage

First editor should log in to the system by using editor's email and editor's password.

Then editor will navigate to his landing page.

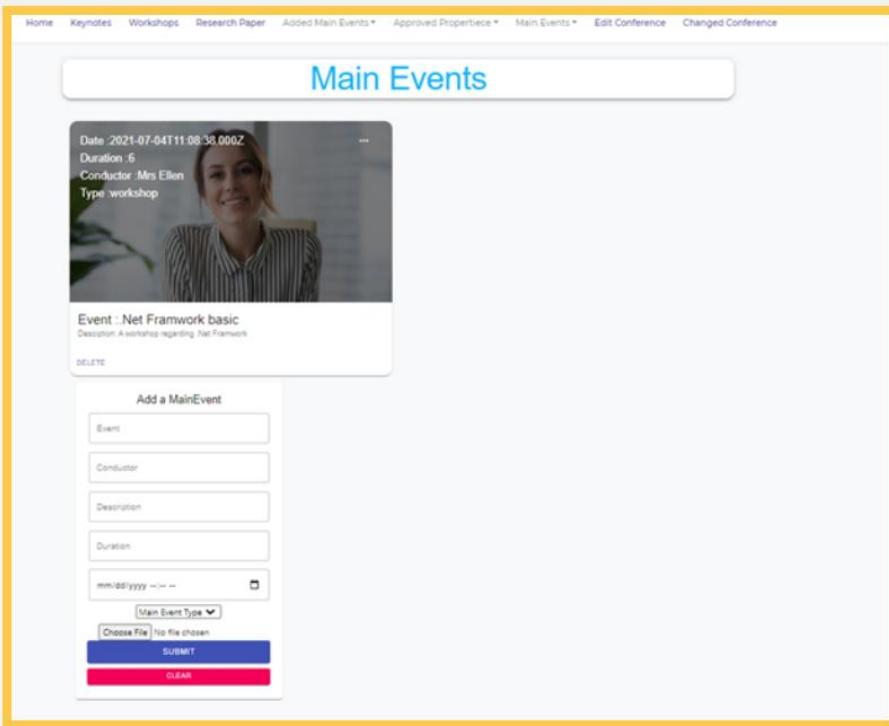

In here there are dropdown navigation list call add main events. In that navigation list there are 3 navigations.

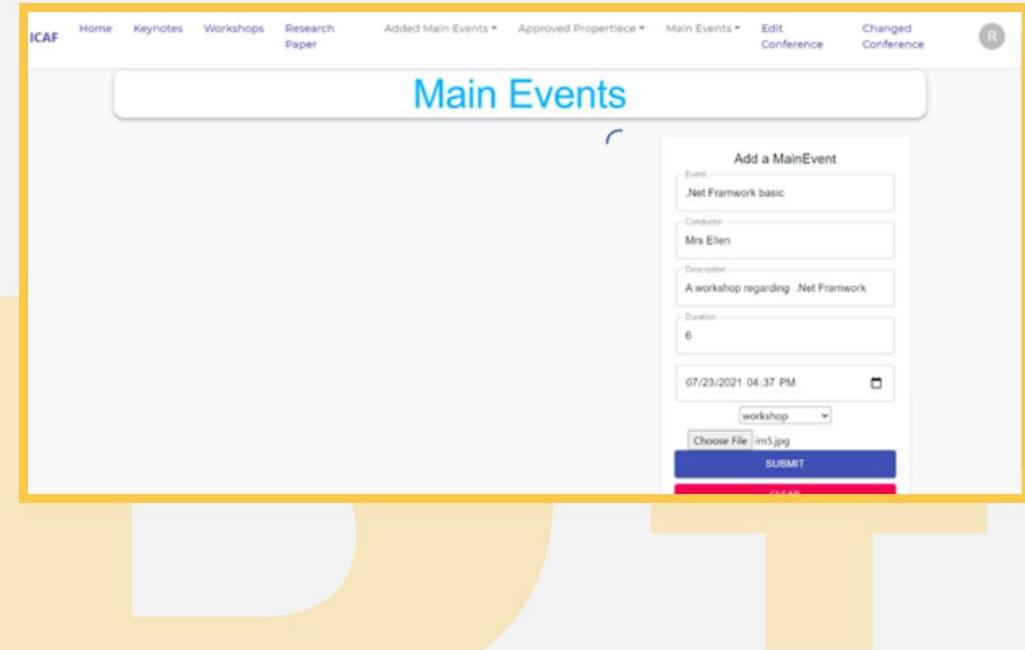

- ▶ **Editor Pending:** used to add a main event with admin approval “no”. There also display all the main events which have admin approval as no.
- ▶ **Editor Approved:** Also provide capability to add a new main event. But display only admin approved main event list only
- ▶ If there are no main events which have admin approval as “no” the editor pending page is like below. It will show as an empty page with a circular progress. (This common to other pages as well).

The screenshot shows a web application interface for managing events. At the top, there is a navigation bar with links: ICAF, Home, Keynotes, Workshops, Research Paper, Added Main Events, Approved Properties, Main Events, Edit Conference, and Changed Conference. A user profile icon is also present. Below the navigation bar, the title "Main Events" is displayed in blue. On the right side of the page, there is a form titled "Add a MainEvent". The form fields include: Event (text input), Conductor (text input), Description (text input), Duration (text input), Date (date input), Main Event Type (dropdown menu), and a file upload section labeled "Choose File: No file chosen". A "SUBMIT" button is located at the bottom of the form. The entire "Add a MainEvent" section is highlighted with a yellow border.

To add a main event, fill the given form with the corresponding details and click submit button.

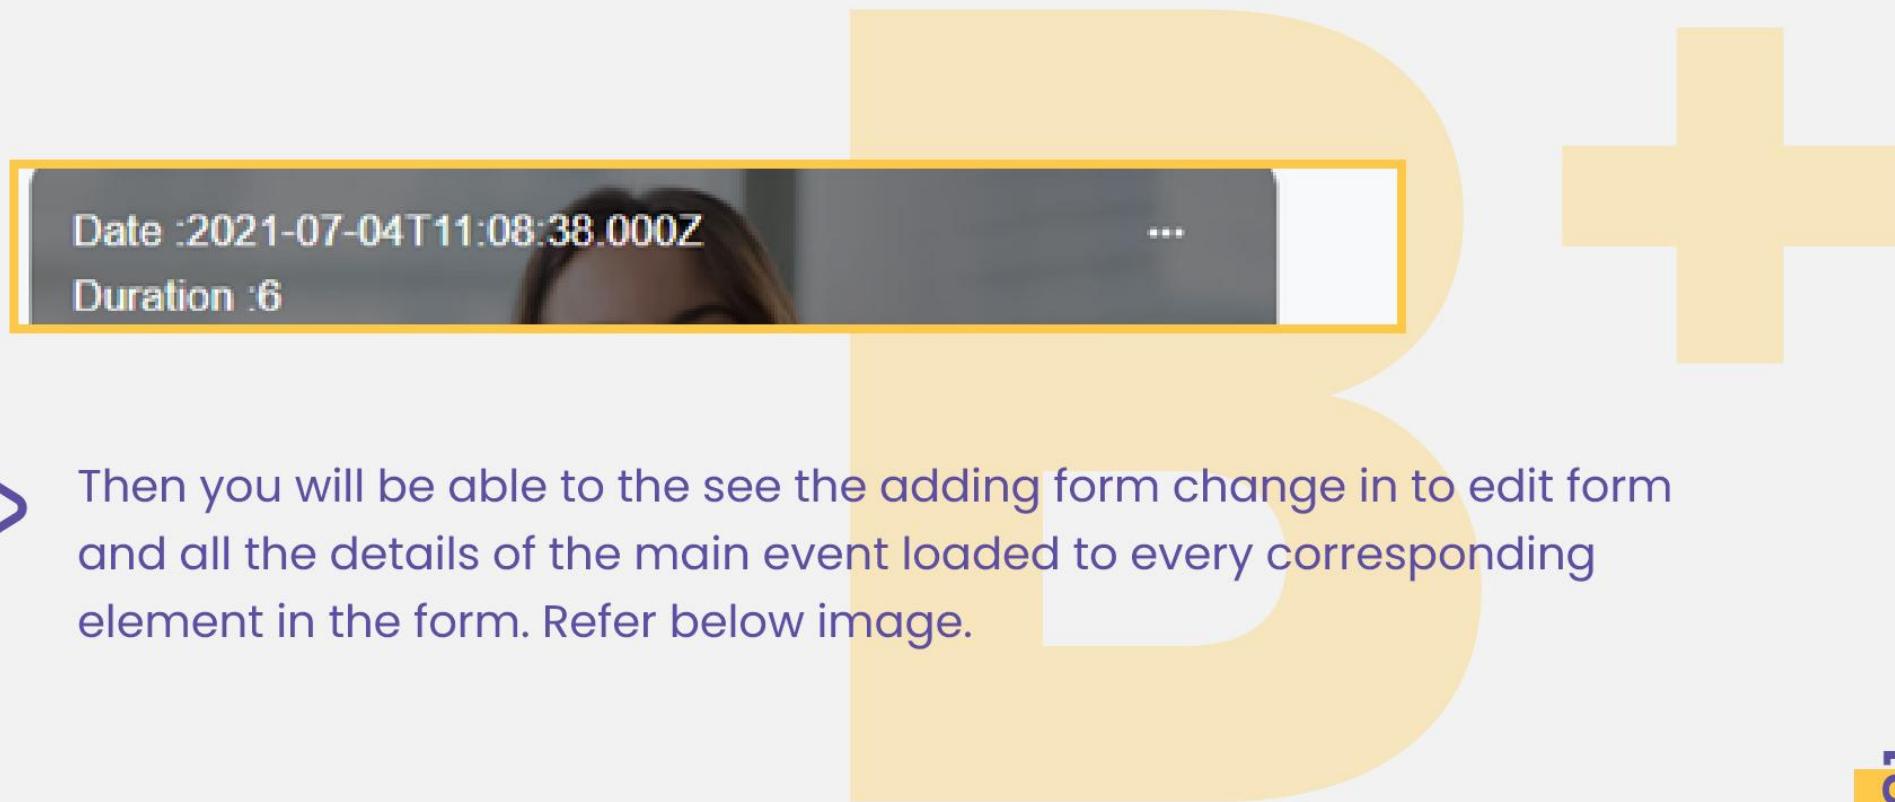

The screenshot shows the 'Main Events' section of the ICAF platform. At the top, there's a navigation bar with links like Home, Keynotes, Workshops, Research Paper, Added Main Events, Approved Properties, Main Events, Edit Conference, and Changed Conference. Below the navigation, a large card displays event details: Date: 2021-07-04T11:08:38.000Z, Duration: 6, Conductor: Mrs Ellen, Type: workshop. The card also shows a thumbnail image of a person and the event title 'Event : Net Framework basic' with a description 'Description: A workshop regarding .Net Framework'. Below the card is a form titled 'Add a MainEvent' with fields for Event, Conductor, Description, Duration, Date (mm/dd/yyyy), Main Event Type (dropdown), and Choose File (button). There are also 'SUBMIT' and 'CLEAR' buttons at the bottom.

The screenshot shows the 'Main Events' section of the ICAF platform. The navigation bar is identical to the previous screenshot. On the right side, there's a form titled 'Add a MainEvent' with fields for Event (.Net Framework basic), Conductor (Mrs Ellen), Description (A workshop regarding .Net Framework), Duration (6), Date (07/23/2021 04:37 PM), Main Event Type (workshop dropdown), and Choose File (im5.jpg). At the bottom of the form are 'SUBMIT' and 'CLEAR' buttons. The entire form area is highlighted with a yellow border.

After submitting you will be seeing the added main event as a card reside in the same place (If you added the main event in the editor pending page). Refer below image.

- ▶ By using above mentioned 3 pages, Editor can update and delete a previously added main event as well.
- ▶ To update an existing main event, there is a “more” Icon in each of the main event card. Click the relevant main event’s “more” Icon.

- ▶ Then you will be able to see the adding form change in to edit form and all the details of the main event loaded to every corresponding element in the form. Refer below image.

The screenshot shows a web application interface for managing events. At the top, there is a navigation bar with links: Home, Keynotes, Workshops, Research Paper, Added Main Events, Approved Properties, Main Events, Edit Conference, and Changed Conference. Below the navigation bar, the main content area has a title "Main Events". A list of events is displayed, with one event highlighted. The highlighted event details are as follows:

- Date: 2021-07-04T11:08:38.000Z
- Duration: 6
- Conductor: Mrs Ellen
- Type: workshop

The event title is ".Net Framework basic" and the description is "A workshop regarding .Net Framework". There is a "DELETE" link below the event details.

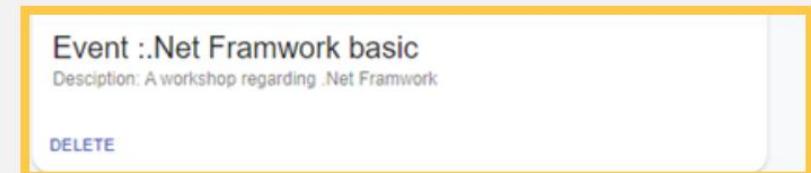

Below the event list, there is a form titled "Edit a MainEvent" for modifying event details. The fields in the form are:

- Event: .Net Framework basic
- Conductor: Mrs Ellen
- Description: A workshop regarding .Net Framework
- Duration: 6
- Date: mm/dd/yyyy (with a calendar icon)
- Type: workshop (selected from a dropdown menu)
- File: Choose File (No file chosen)
- Buttons: SUBMIT (blue) and CLEAR (red)

Then edit necessary field and click submit. You will be able to see the main event with edited details reside in the page. (If you are in editor pending page).

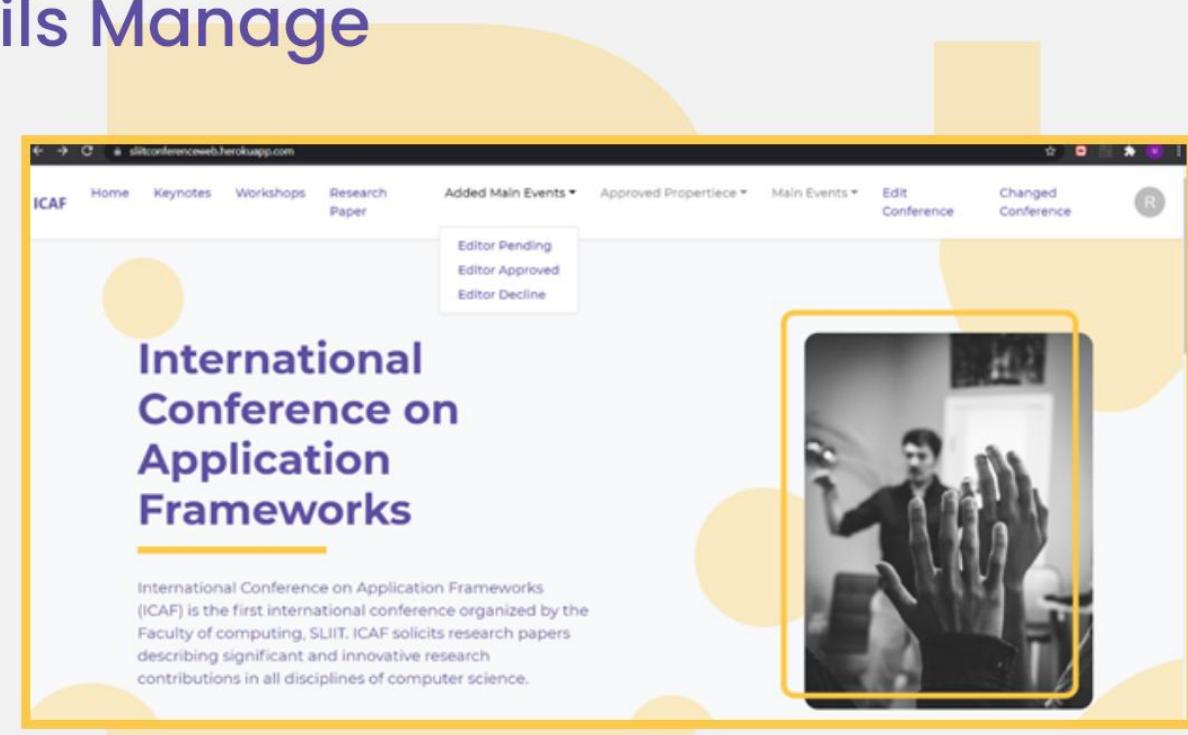

Editor can edit an approved main event using editor approved page and edit a decline main event using editor decline page. But after edit happened the approval will automatically change in to "no" and remove from those pages and reside in editor pending page.

- To delete an existing main click, delete button which is in the bottom of the main event card.

2. Editor Conference Details Manage

- First editor should log in to the system by using editor's email and editor's password.
- Then editor will navigate to his landing page.

To edit conference details editor should click the “Edit conference” link in the navigation bar and should navigate to the relevant page.

After navigating to the page editor will be able to see below interface.

The screenshot shows a web application interface for managing conference details. At the top, there is a navigation bar with links: Home, Keynotes, Workshops, Research Paper, Added Main Events*, Approved Proposals*, Main Events*, Edit Conference, and Changed Conference. Below the navigation bar, a title "Conference Details" is displayed in a blue header. Underneath the title, there is a dark gray box containing the following information:
Title :International Conference on Application Frameworks-
Starting Date :2021-09-26T03:02:00.000Z
End Date :2021-09-30T13:02:00.000Z
Venue :SLIIT main Hall and auditorium

Below this, another section displays the conference details:
Title :International Conference on Application Frameworks
Description: International Conference on Application Frameworks (ICAF) is the first international conference organized by the Faculty of computing, SLIIT. ICAF solicits research papers describing significant and innovative research contributions in all disciplines of computer science.

At the bottom, there is an "Edit Conference" form with fields for Title, Venue, Description, Starting Date, End Date, and Message. The "Title" field contains "International Conference on Application Frameworks". The "Venue" field contains "SLIIT main Hall and auditorium". The "Description" field contains "International Conference on Application Frameworks". The "Starting Date" field is set to "mm/dd/yyyy" format. The "End Date" field is also set to "mm/dd/yyyy" format. The "Message" field contains "date changed changed". There are two buttons at the bottom: a blue "SUBMIT" button and a red "CLEAR" button.

- ▶ To edit the conference details editor should first click the more icon which is in the top right-hand side of the conference details display card.
- ▶ After clicking the "more" icon you will be able to see all the conference details loaded to edit conference form to the relevant element
- ▶ From there you can edit any detail and click submit.
- ▶ After clicking submit editor will be navigated to change conference details and there you can see the edited conference details card with the admin approval "no".

The screenshot shows a web-based application interface for managing conference details. At the top, a navigation bar includes links for Home, Keynotes, Workshops, Research Paper, Added Main Events, Approved Proprietary, Main Events, Edit Conference, and Changed Conference. Below the navigation is a title bar labeled "Conference Details".

The main content area displays the current conference details:

- Title:** International Conference on Application Frameworks
- Starting Date:** 2021-09-26T03:02:00.000Z
- End Date:** 2021-09-30T13:02:00.000Z
- Venue:** SLIIT main Hall and auditorium

A detailed description follows:

Description: International Conference on Application Frameworks (ICAF) is the first international conference organized by the Faculty of computing, SLIIT. ICAF solicits research papers depicting significant and innovative research contributions in all disciplines of computer science.

Below this, an "Edit Conference" form is presented:

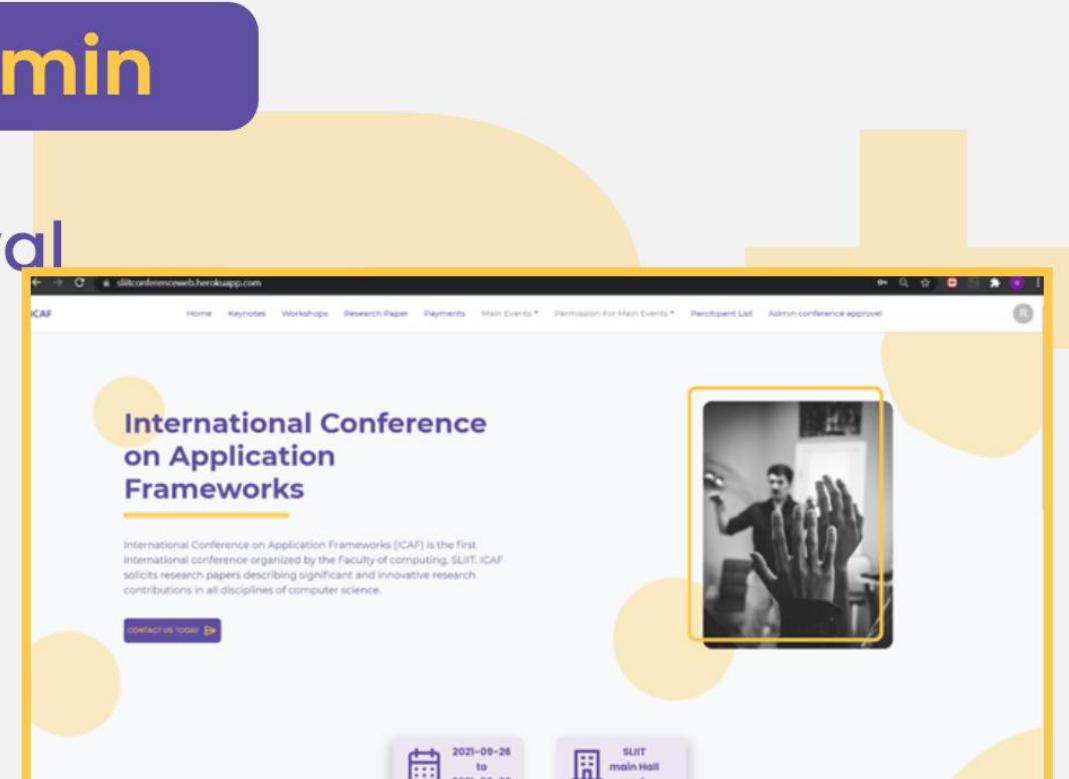

Title	International Conference on Application F
Venue	SLIIT main Hall and auditorium
Description	International Conference on Application F
Starting Date	mm/dd/yyyy --:--:--
End Date	mm/dd/yyyy --:--:--
Message	date changed changed

At the bottom of the form are two buttons: "SUBMIT" (in blue) and "CLEAR" (in red).

- Until admin approve the edited details those details will not be visible to all users in the landing page.

1. Admin main event approval

- To give permission to added or updated main event by editor, Firstly admin must log in to the system.
- After login is success admin will navigate to admin landing page. Admin landing page is like this.

To give permission to added main events in the navigation bar there is a dropdown navigation and in drop down navigation there are 3 navigations regarding admin main events approval.

1. Approved main events: Previously approved main events are display here. Admin can change approval to decline or delete approved main events using this page

2. Decline main events: Previously declined main events are display here. Admin can change approval to approved or delete decline main events using this page

3. Pending main events: In this page display all the main events which have approval as “no”. Admin can approve or decline added main events using this page.

If there Is no at least one post or a card regarding each page a circular progress will run

This is a image of Pending Main Events Page:

The screenshot shows a web application interface for managing events. At the top, there is a navigation bar with links: Home, Keynotes, Workshops, Research Paper, Payments, Main Events, Permissions For Main Events, Participant List, Admin conference approved, and a user profile icon with the letter 'R'.

Main Events

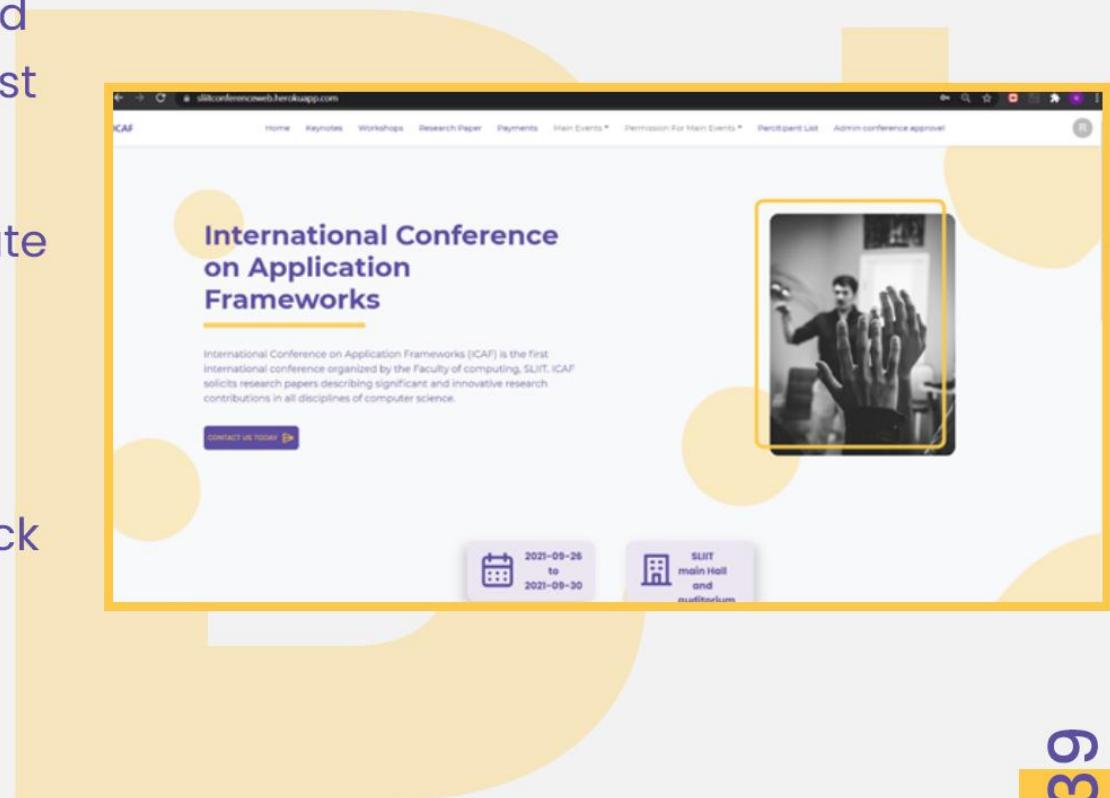

Date : 2021-07-04T11:08:00Z
Duration : 8
Conductor : Mrs Ellen
Type : workshop

Event : .Net Framework basic
Description : A workshop regarding .Net Framework

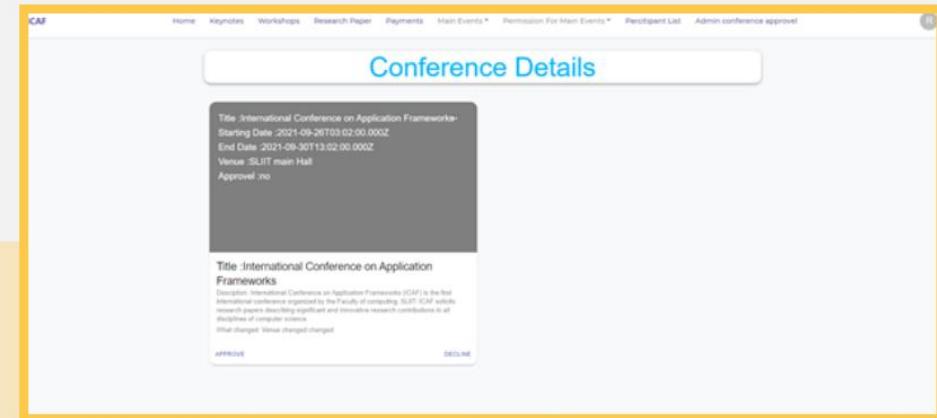

APPROVE EXCLUE

2. Admin conference edit approval.

- ▶ To give permission to added or updated main event by editor, Firstly admin must log in to the system.
- ▶ After login is success admin will navigate to admin landing page. Admin landing page is like this.
- ▶ To approve editor edited details regarding conference admin has to click "Admin Conference Approval" link and should navigated to relevant page.

- ▶ There you will be able to see an interface like this.
- ▶ There admin can give approval or decline editor edited details.
- ▶ If the permission gave as approved the admin will navigate to landing page and there admin will be able to edited details are in the landing page. Editor's conference edit details include card will display approval as approved.
- ▶ If permission gave as decline the card will be disappear and a circular progress will run in the page and editor's conference edit details include card will display approval as decline.
- ▶ If at the beginning "Admin Conference Approval" page display a circular progress that means there is recently change in conference details and a permission has given already.

3. See participates and research paper paid list

1. First you need to login to the system as an admin.
2. Then you need to click the Participant List button in the navigation bar.

The screenshot shows a web application interface for 'ICAF'. At the top, there is a navigation bar with links: Home, Keynotes, Workshops, Research Paper, Payments, Main Events, Permission For Main Events, Participant List (which is highlighted with a yellow box), and Admin conference approval. Below the navigation bar, the title 'participant List' is displayed in blue. A table follows, showing four entries of participants:

ID	User Name	Email	Paid Type	Amount	Date Purchase
1	prabodha	p@gmail.com	ticket	Rs 2000/-	8/3/2021
2	Kesun	kesun@gmail.com	ticket	Rs 2000/-	7/2/2021
3	Erenda	erenda@gmail.com	ticket	Rs 2000/-	7/4/2021
4	Iresha	iresha@gmail.com	ticket	Rs 2000/-	7/5/2021

To see the research paper paid list click the button in the navigation bar.

The screenshot shows a web application interface for the International Conference on Artificial Intelligence and Applications (ICAF). The top navigation bar includes links for Home, Keynotes, Workshops, Research Paper, Payments, Main Events, Permission For Main Events, Participant List, Admin conference approval, and a user profile icon. The main content area is titled "List Research Paper paids". Below the title is a table with the following data:

ID	User Name	Email	Paid Type	Amount	Date Purchase
1	shanuka	shanuka@gmail.com	paper	Rs.12000/=	7/1/2021
2	Dinusha	dinusha@gmail.com	paper	Rs.12000/=	7/4/2021
3	shanuka	shanuka@gmail.com	paper	Rs.12000/=	7/5/2021

At the bottom left of the page, there is a link: <https://slitconferenceweb.herokuapp.com/participants>.
